

Standalone Access Control for 1 Door

AX50 Kit Contents

- 1 AX50 Controller
- 1 Proximity & PIN Reader
- 10 Wireless Smart Cards
- 1 Program Card
- 1 Fixing Kit
- 1 Manual

The AX50 access control kit is a compact, standalone single door controller supplied with a proximity reader with keypad, controller and cards.

Presenting the wireless smart card within 10cm (4") of the slimline reader or entering the individual PINcode, automatically verifies the unique code and opens the door if access is allowed for the individual.

AX50 Features

- 500 cardholders/users
- Request to exit input
- Card only and/or PIN only
- Fast block load of cards
- Controller unit on secure side of the door
- Quick to install and easy to program using the keypad

The mullion-style reader is weatherproof, easy to install and fixed with the security screws supplied, allowing installation even in the toughest environments.

The program card included, prevents unauthorised system changes—cards can easily be individually added and deleted using the built-in keypad.
